

RANDALL TO THE FRONT.

role of interest in the canal. Deprived of the proprietorship by the land tax owners would not improve but would let go at once. The scheme is merely Utopian.

It is probable indeed that in the great cities a vast rabble vote might be massed in favor of a proposition that promised no gain for the corporation, since there are multitudes who will jump at the smallest hope of the meanness dividend of plunder, but even in the cities there are great numbers of small proprietors who could not be tricked into acceptance of such a theory while the hanging interest every here would be a unit against it.

Undoubtedly theorists here and there visionaries, speculators doctrinaires men fond of utopias and chimeras will continue for a time to write essays and deliver lectures in favor of this doctrine of confiscation but nothing can be expected of the intelligent judgment of the body of a people. It is wholly outside the domain of practical affairs and practicable things. Not even a civil war of such proportions as our war of 1861-65 could make so mighty a change in procedure as might the theory based on run its course, even as a matter of curious speculation.

CAPTAIN WOODRUFF

Our dispatches yesterday announced that "Captain Henry G. Sharpe, of the department of the Platte, has been ordered to Vancouver barracks, W. T. where he will relieve Captain Charles A. Woodruff. Captain Woodruff will proceed to San Francisco, where he is to relieve Captain Charles P. Egan as purchasing and depot commissary of subsistence and quartermaster." This order was sent from the department of the

SANDY OLDS' FILE

The Jury Convicts Him of Murder in the First Degree.

ONLY FIVE BALLOTS WERE TAKEN

Objective Sullivan's Evidence Proved Ballotization and Premeditation and Brought Old's Murder Within Shadow of the Gallows.

The curtain has fallen on the last act of the trial of Charles "Sandy" Olds, and all that now remains is for the jury to pass upon the evidence presented by the prosecution and the defense. The jury, which was sworn in at 10 o'clock, has been in session since 10:30 and has taken five ballots. The first ballot was taken at 11:15 and resulted in a verdict of guilty in the first degree. The second ballot was taken at 11:45 and resulted in a verdict of guilty in the first degree. The third ballot was taken at 12:15 and resulted in a verdict of guilty in the first degree. The fourth ballot was taken at 12:45 and resulted in a verdict of guilty in the first degree. The fifth ballot was taken at 1:15 and resulted in a verdict of guilty in the first degree.

The juror who cast the deciding vote was Mr. J. H. Sullivan, a 40-year-old man of average height and build, with dark hair and a serious expression. He was the only juror who had been in the courtroom since the beginning of the trial. The other jurors had been in the courtroom for only a few hours.

Twelve intelligent men have found that Sandy Olds murdered Emil Weber deliberately, premeditatedly and in cold blood. It is doubtful if the supreme court will grant him a new trial or if the governor will use his prerogative in his favor.

The juror who cast the deciding vote was Mr. J. H. Sullivan, a 40-year-old man of average height and build, with dark hair and a serious expression. He was the only juror who had been in the courtroom since the beginning of the trial. The other jurors had been in the courtroom for only a few hours.

ROYAL BAKING POWDER ABSOLUTELY PURE.

For quick raising, the Royal Baking Powder is superior to all other leavening agents. It is absolutely pure and wholesome and of the highest leavening power. It is always uniform in strength and quality and never fails to make light, sweet, most palatable and nutritive food. Bread, biscuits, muffins, cake, etc., raised with Royal Baking Powder may be eaten hot without distressing results to the most delicate digestive organs. It will keep in any climate without deterioration.

Prof. H. A. Mott, U. S. Government Chemist, after examining officially the principal baking powders of the country, reported:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that country and the United States Government."

"Because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."

"Dr. HENRY A. MOTT, Ph. D." U. S. Government Chemist.
